AWE

Welcome to India!

A land of ancient cultures and diverse wildlife, India is the premier destination to see and photograph tigers in the wild, along with other iconic Asian species such as leopards, sloth bears, dholes, elephants and over 500 species of birds.

Three parks, three different forests. Tadoba's red soil, bamboo and lakes; Kanha's rolling meadows; Bandhavgarh's grasslands, rocky outcrops and ancient temple statue. We finish back in Delhi with a guided tour of the Taj Mahal.

Tadoba offers ample opportunity to watch and photograph tigers in grassland, bamboo clumps and beside its lakes.

Lala

Apurv Isaac, fondly known as "Lala", is a guide, photographer and wildlife filmmaker based in the lush and wild hills of the Nilgiris, India.

When he's not guiding or filming, Lala can be spotted far off in the distance, setting up one of his many camera traps to photograph India's secretive wildlife. Prior to Covid he toured the world as a musician, and still gets on stage every now and again, and recently opened for Ed Sheeran on his Indian tour.

Lala is deeply passionate about conservation. He believes we are each intricately tied to nature, and through his work he hopes to guide people back to their own connection with the natural world.
